PRH is an advanced facility with a major expansion completed in 2005 including Diagnostic Imaging Department with CT and Nuclear Medicine, Regional Rehabilitation, ICU, Emergency, Acute Mental Health, and expanded Medical program

PRH has 40 active and associate medical/surgical staff & 101 courtesy consultants

Pembroke Regional Hospital is a 203 bed teaching hospital affiliated with the University of Ottawa

The most recent additions include a satellite dialysis unit, 5 birthing suites and upgraded endoscope suites

Annual Statistics

32 000 Emergency visits	3 900 Surgical Day Care
600 Inpatient Surgeries	500 Deliveries
30 000 Outpatient Rehab visits	25 000 Ambulatory Clinics visits

If you wish to pursue a career in anesthesia, I would highly recommend Pembroke Regional Hospital. Pembroke is the ideal location for anyone who enjoys being outdoors in his or her leisure time. Our anesthesia team is supportive and skilled. Our surgical team will provide an interesting variety of cases. Our community would welcome you.
Dr. John Epps –Anesthesiologist
