- Pembroke Regional Hospital is a 203 bed teaching hospital affiliated with the University of Ottawa
- The most recent additions include a satellite dialysis unit and 5 new birthing suites and upgraded endoscope suites
- PRH is an advanced facility with a major expansion completed in 2005 including Diagnostic Imaging Department with CT and Nuclear Medicine, Regional Rehabilitation, ICU, Emergency, Acute Mental Health, and expanded Medical program.
- PRH has 40 active and associate medical/surgical staff & 101 courtesy consultants
- Pembroke Regional Hospital has a local catchment area of 55 000 and a referral area of 100 000

"A community this size allows family physicians a tremendous amount of flexibility in their practice. I am able to do a lot of acute care medicine, both Emergency and In - patient care. I really enjoy this challenge and ability to use my skills in a way that would not be

possible in a larger centre." - Dr. Colin Macpherson, GP
