

## Whitewater Bromley Community Health Centre Satellite

A part of Lanark Health and Community Services

**Do you want the benefits of a rural life with none of the headaches of private practice?**

**Take a look at the following information from the Whitewater - Bromley CHC sites in BEACHBURG and COBDEN, Ontario for the many advantages of working in a multidisciplinary practice.**

**Be part of an expanding model of health care!**

**Will consider Locum, Part-time or Full-time Position**

### The Team

A group of hard working, enthusiastic, health care providers, professionals and support staff who enjoy their working life in a rural community setting. The team includes the following professionals: physicians, an Internist on site, nurse practitioners, nurses, social workers, health promoter and an Administrative support team including a Program Director, Office Administrator, and Secretary/Receptionists. The team members are supportive and help to provide a comprehensive, interdisciplinary approach to providing primary care in the community.

### The Location

Situated near the Ottawa River, home of the world-renowned whitewater rafting. It is a great recreational area with affordable housing (waterfront, rural or urban). Consider swimming, kayaking, canoeing or fishing from your back yard without having to work in a remote area!

We are 2 satellite clinics of Lanark Health and Community Services located in the Whitewater communities of Beachburg and Cobden. We are close to 2 hospitals, Pembroke Regional Hospital and Renfrew Victoria Hospital. Ottawa is only one hour of driving away.

### The Work

The physician as part of the team will provide primary care services to the community. Clients from newborn to senior are in the catchment area of about 8000 people. The physician will provide consultation to the nurse practitioners and nurses and will participate in team meetings with the primary care providers. Participation in planning, development and evaluation of health services is essential for health promotion and client education. Urgent/emergent care will be required when necessary. Hospital privileges will be required. Opportunity to provide home visits, palliative care visits is possible. Explore your area of expertise and interest.

**Wait!**

**There is more! Check the other side for more details like salary and lots of perks!**

## The Salary

The current salary range is from \$143,580 - \$172,975 with an under-serviced stipend of \$4,660. The employer also contributes 6% of employee earnings into a group RRSP. You will also receive the following comprehensive benefit package at no charge to you. There are absolutely **no overhead costs** for you to pay – the centre administration has all the headaches not you. They will help you to determine whether you are eligible for the Under-Serviced Area Program tuition or relocation funds.

**Locums will be paid an hourly rate commensurate with experience.**
