

PEMBROKE REGIONAL HOSPITAL
DIAGNOSTIC IMAGING DEPARTMENT

GIS & SMALL BOWEL

These examinations are done Monday to Friday by appointment only. Our booking office will contact you with an appointment date and time.

As no daycare service provisions are available, please make alternate arrangements for your children.

Please make sure to bring your Health Card and have it ready each time you visit the hospital. Due to the high volume of patients, please arrive at least 30 minutes early for your appointment.

PREPARATION INSTRUCTIONS

[] GIS (only)

1. Do not eat or drink after midnight the night before the examination.
2. Do not chew gum, eat, drink or smoke on the morning of your examination.

[] SMALL BOWEL SERIES (Plan on being at the hospital for 2 or more hours)

Two Bisacodyl Pills and One Bisacodyl Suppository may be obtained at the pharmacy.

The Day Before The Examination

1. Diet during the day should be light such as: canned or well-cooked, tender vegetables, clear chicken or beef broth, cooked cereals, Arrowroots, cottage cheese, custard, rice and canned fruit, etc.

NOTHING TO EAT AFTER SUPPER

2. At 7:00 p.m. take the two Bisacodyl Pills.

Early In The Morning Of The Examination

1. At 6:00 a.m. insert 1 Bisacodyl Suppository
2. Take nothing to eat or drink before the examination.

Please proceed to the Diagnostic Imaging reception area on the Ground Floor – Tower B – we are located next to Emergency.
